

# M-560d EXCEPTION ITEM ENCODER

## MICR V ENCODER M-560d

### Fully Qualify Exception Items at the Point of Entry

Encoding Exception Items where they enter the system saves valuable time and money by presenting fully qualified items to the Proof Department. Encoding at Point of Entry allows the Proof and Item Processing Departments to operate efficiently, by not slowing down the process to handle exceptions in these production-oriented environments.

The M-560d Encoder offers a state-of-the-art high volume/high performance system with the following features:

- **Accurate and Reliable** - The M-560d provides the highest quality MICR encoding resulting in high MICR Read Rates.
- **Easy to Use** - With a 2-line display, the operator is prompted through every transaction.
- **Software Flexibility** - The M-560d is set up to provide full-field encoding for all financial documents. Parameters are set by your Maverick Dealer.
- **Multipurpose** - Serves as a valuable tool behind teller row for lobby deposits, counter checks, and starter kits. Used in back room departments where exception items are created. General Ledger, Stop Payment forms, etc.

**MAVERICK** International

## Standard Features

- Supertwist Backlit Display
- Keyboard - 29 Configurable Keys
- Standard Exception Item Parameter Program Included
- Full Field Encoding
- Power Eject
- Fifteen CDV/CDG Schemes
- Serial Numbering
- Floating On-Us

## Fast

The MICR V dollar amount encodes at a rate of 3,400 documents per hour.

## Quiet

The MICR V uses unique technology to minimize sound generated by the encoding process.

## Software Options:

- Multiple Exception Item Fields
- Repeat Encode
- Account Number CDV/CDG

## SPECIFICATIONS

|  |   |
|--|---|
| <b>Dimensions:</b> (M-560d Encoder)    | Length: 12.88 inches (32.7 cm)                              |
|  | Width: 12.0 inches (30.48 cm)                               |
|  | Height: 6.0 inches (15.24 cm)                               |
| <b>Dimensions:</b> (Detached Keyboard) | Length: 6.25 inches (15.88 cm)                              |
|  | Width: 8.13 inches (20.64 cm)                               |
|  | Height: 1.56 inches (3.96 cm)                               |
|  | Weight: 2.0 pounds (0.91 kg)                                |
| <b>Weight:</b> (M-560d Encoder)        | 9.25 pounds (4.2 kg)  |
| <b>Weight:</b> (Detached Keyboard)     | 2.0 pounds (0.91 kg)  |
| <b>Keyboard:</b> (Detached)            | 39 keys with 45 programmable function keys                  |
| <b>Display:</b>                        | 20 character, 2-line, alphanumeric, dot matrix, backlit LCD |
| <b>MICR Ribbon:</b>                    | Cartridge with average yield of 100,000+ characters         |
| <b>Print Hammer:</b>                   | Average yield of 65 million impressions                     |
| <b>Power:</b>                          | 120/240 VAC   |
| <b>Standard Interface Port:</b>        | RS232   |
| <b>Font:</b>                           | E13B (other fonts available)                                |

## Snap-In Ribbon Cartridge and "Maintenance Free" Hammer

Replacing the MICR V Ribbon Cartridge is simple and fast. A unique "maintenance-free" metal hammer eliminates the need to replace the MICR print hammer with each new ribbon. This new metal hammer has an average life of 65 million print characters (approximately 650+ MICR ribbons).

## Nationwide Sales and Customer Support

The full line of Maverick Check Scanners, MICR Encoders and software is sold and serviced nationwide by a highly trained and professional network of Maverick Distributors.
