MACH 5

## Coin **sorter/counter**

A fast, compact coin sorter/counter suitable for tabletop or stand alone applications

# MACH 5

## MACH 5

The **MACH 5** is a fast, compact coin sorter/counter suitable for tabletop or stand-alone applications.

### Fast, efficient throughput

The **MACH 5** is a tabletop coin sorter/counter that can increase productivity by accurately sorting and counting up to 3000 coins per minute. Offering quiet, high speed operation, this cost efficient unit increases accountability while maintaining the highest degree of accuracy.

### Compact size

3000 coins per minute

Quiet operation

Tabletop or Stand-alone

### Ease of use

Selectable bag stops and batch and grand totals are easily accessed via a direct keypad. A two-line alpha-numeric display conveys operational messages at a glance.

The **MACH 5** features a lockout security function to protect vital operating information. With few moving parts and simplified electronics, the **MACH 5** is easy to use and maintain.

### Compact size

The **MACH 5** easily fits virtually any work environment by utilising minimal counter or floor space. Its superior design offers functionality, efficiency and visual appeal.

### Multiple functionality

Several operator choices make the **MACH 5** easily adaptable for any application. Coin drawers or bagging attachments can be selected for up to eight denominations and a choice of control panels maximises accountability. The **MACH 5** is also available with Management Information Control System (MICS).

Other options include four RS232 serial ports which can interface to cash settlement systems/workstations, PC computers, currency counters, remote display and printer, machine stand, security stand and inspection pan magnet.

De La Rue Cash Systems' sorters/counters are the direct result of over 100 years' experience in designing, manufacturing and distributing world class coin processing machines. World-wide factory-trained service and support specialists are provided through De La Rue Cash Systems' network of branch offices and authorised distributors.

### Technical Specification

#### Dimensions

Height: 290mm Width 350mm Depth 520mm

#### Net weight

22kg

#### Coin size range

Diameter: 15.0mm to 32.5mm

Thickness: 1.0mm to 3.0mm

#### Inspection pan capacity

Up to 4500 x 18mm coin
