

GLORY

UW-F Series

High-performance banknote sorters

reddot award 2018
winner industrial design

These advanced banknote sorters consistently provide the highest levels of authentication and fitness sorting while keeping your operational costs down. They offer you maximum flexibility with true modularity in a choice of 4 configurations designed for high volume banknote processing, today and into the future.

Providing exceptional levels of accuracy and security, the UW-F Series delivers smoother, more efficient and continuous processing of large volumes of banknotes, all in a compact device.
