

## TRADITIONAL CASH RECYCLER

*Cash Recycling with Enhanced Note Handling and Authentication.*

THE WORLD LEADER IN CASH RECYCLING TECHNOLOGY WITH OVER 110,000 UNITS INSTALLED, MORE THAN ALL OTHERS COMBINED.

As the recognized global leader in cash recycling technology, Glory offers a wide range of solutions to meet the varied needs of financial institutions. Cash recycling from Glory delivers massive improvements in frontline efficiency, customer engagement and security.

All Glory recyclers are purpose-built for cash recycling applications. Performance is optimized for efficient frontline transactions as well as internal cash transactions such as vault buys and sells. With Vertera, there is reduced impact on staff for various stoppages, resulting in less

staff hassle and fewer interruptions during customer engagements. Routine daily operations can be accomplished with minimal cash exposure, fewer out-of-balance issues and write-offs. Vertera has been designed to optimize branch cash handling requirements, provide a better staff experience, and superior, uninterrupted customer engagements. Cash Recycling is enabling technology that fully supports smaller branch designs, open plan banking, universal teller concepts, cross-selling and relationship-building initiatives.

(shown with optional dual dropbox facade)

# Advantage: Glory

## Frontline Efficiency Gains

Eliminate repetitive manual cash counts and many dual control cash handling processes. Faster day-end balancing and fewer out-of-balance write-offs.

## More Secure Environment

With Vertera, all cash is securely stored in a UL-rated safe, certified for overnight currency storage. This results in reduced cash exposure, which means a safer environment for your clientele as well as staff.

## Reduced Cash Requirements

Cash deposited is immediately available for cash payments, resulting in greatly reduced idle cash in your branches. This can result in a 15-20% reduction in cash requirements.

## Less Staff Stress

Your staff will experience less stress from day-end balancing concerns and be more able to deliver efficient, customer-focused transactions.

## Improved Customer Engagements

Shorter wait times and greater staff focus mean a better overall in-branch experience and satisfied clients.
